#### **SUMMARY OF THE REASONS FOR DECISION:**

The computer image file entitled *10ns002.jpg* is classified as:  
Objectionable.

The computer image file is one of a series of 12 images depicting a woman who is bound and restrained by rope and other devices in a way that sexualises her helplessness and/or pain.

The publication tends to promote and support the use of coercion in association with sexual conduct and acts of extreme cruelty and torture by presenting these aspects as legitimate tools for sexual arousal.

The computer image file meets criteria under ss3(2)(b) and 3(2)(f) of the Films, Videos, and Publications Classification Act 1993, and is therefore deemed to be objectionable. A classification of "objectionable" places a limit on the right to the freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990. However, in relation to this publication, the classification is considered to be a reasonable limit prescribed by law that can be demonstrably justified in a free and democratic society.
